BOOK SYNOPSIS

From 1946 to 1994, Sky & Telescope magazine featured a column called Deep-Sky Wonders, in which amateur astronomer Walter Scott "Scotty" Houston captured the wonder and delight of exploring the farthest reaches of the deep sky. In this book, Sky & Telescope contributing editor Stephen James OMeara presents a month-b-month selection of Scotty's columns along with insightful observations and warm recollections of his time with Scotty. More than a field guide, Deep Sky Wonders is the work of a man who was a major influence on the development of amateur astronomy for nearly half a century.

DEEP-SKY WONDERS STARGAZING - Are you looking for Ebook Deep-Sky Wonders Stargazing ? You will be glad to know that right now Deep-Sky Wonders Stargazing is available on our online library.
