BOOK SYNOPSIS

The second edition of *Double Standard* analyzes how and why social policy and welfare states evolved differently in Western Europe and the United States. Exploring common social problems—from poverty to family support to ethnic and racial conflict—the book shows the disparate consequences to these different approaches. The new edition includes the latest available statistical information, an analysis of the 2010 health care reform in the United States, and a discussion comparing the social consequences of the recent recession in the U.S. and Europe.

DOUBLE STANDARD SOCIAL POLICY IN EUROPE AND THE UNITED STATES
