## **BOOK SYNOPSIS**

This award-winning book continues to resonate with teachers and inspire their teaching because it focuses on the joy of reading and how it can engage and even transform readers. In a time of next generation standards that emphasize higher-order strategies, text complexity, and the reading of nonfiction, "You Gotta BE the Book" continues to help teachers meet new challenges including those of increasing cultural diversity. At the core of Wilhelms foundational text is an in-depth account of what highly motivated adolescent readers actually do when they read, and how to help struggling readers take on those same stances and strategies. His work offers a robust model teachers can use to prepare students for the demands of disciplinary understanding and for literacy in the real world. The Third Edition includes new commentaries and tips for using visual techniques, drama and action strategies, think-aloud protocols, and symbolic story representations/reading manipulatives.

### **YOU GOTTA BE THE BOOK TEACHING ENGAGED AND REFLECTIVE**
